PROJECT SUMMARY

Ref No.: MRIC/SISM-02/FI-2403	**Title:** KasEnnPoz - a first of its kind money supermarket, revolutionising the way Mauritius interacts with financial services
Local Institution: Ripple Association	
Collaborating Institution: OuiMoney	
Co-Project Leaders	
Ms Djemillah Mourade Peerbux	Ripple Association
Ms Ketvi Roopnarain	OuiMoney

TECHNICAL ABSTRACT

The proposed project is the creation, development and launch of a progressive web app (PWA) for a financial marketplace aggregator (kasennpoz.mu) tailored to the Mauritian audience.

The Ripple Association and OuiMoney are collaborating to create KasEnnPoz.mu, a financial services platform which, not only compares financial products but also empowers users with financial literacy content. KasEnnPoz marketplace will be a human-centered design solution, such that it is inclusive, relevant, meaningful, and effective in addressing the specific needs of the underserved and underbanked Mauritian communities. The proposed build will be experimental, innovative and iterative with the kaizen approach towards incremental improvement.

Key Words: Progressive Web App (PWA), Marketplace Aggregators
